### Installation Instructions:

1. Position the mounting template on the wall in the desired location.
2. Using a level, align the template and tape it to the wall.
3. Drill two 5/16" holes at each mounting post location that corresponds to your product. (We recommend using the horizontal holes for drywall installation).
4. Remove the template from the wall.
5. Fold ends of the plastic toggle together (see Figure 1) and insert into each hole in the wall.
6. Lightly tap anchors until flush with the wall.
7. One at a time, insert plastic pin into each of the anchors and lightly tap to activate anchor (see Figure 2). Remove pin and repeat on all anchors.
8. Remove mounting posts from the product assemblies by loosening each setscrew.
9. One at a time, place each mounting post over anchors (notch facing downward) and insert screws through post into anchors.
10. Tighten screws.
11. Remove the accent cap from both assemblies by loosening the setscrews. Reassemble each end with glass shelf between both washers and the accent cap at the top. Tighten the setscrews.
