SPECIFICATIONS

Model 5720 bubbler head shall include a polished chrome-plated lead-free brass drinking fountain bubbler with shielded angled stream flow and slotted base with matching vandal-resistant lock washer.

APPLICATIONS

Easily adapted to many situations involving the use of drinking water. Specifically, this type of bubbler head is used as a replacement head for many Haws fountains, or may be placed in such settings as: schools, campgrounds, laboratories, classrooms, parks, and other areas where the need for a bubbler head is needed to dispense water. Haws manufactures drinking fountains and electric water coolers to be lead-free by all known definitions including NSF/ANSI Standard 61, Section 9, NSF/ANSI 372, California Proposition 65, and the Federal Safe Drinking Water Act.
